October 5, 2007

The World Metaphysical Association Advisory Board has granted SacredHealingLight full accreditation and certification for all courses and workshops.

We only bestow accreditation credentials to those individuals whose ethics and practices resonate with our code of conduct, are dedicated to the art and science of holistic and metaphysical practices, and are committed to being a beacon of light and education to those in search of self-discovery.

The WMA believes SacredHealingLight is such a facility, and as such, would welcome all graduates to apply for accreditation upon completion of their programs.

We give SacredHealingLight under the direction of Suzanne Roloff full permission to use this letter, our organization name, and our organization logo in any advertisement or literature.

Sincerely,

Dawn Rothwell- Executive Director

Jacob Ayre-Membership Coordinator
Michael Connolly- Accreditation Advisor
Brenda Kay Moore- Accreditation Advisor
